

# 5 things about Report It

**1** More categories have been added allowing for more reporting options.

**2** Additional information has been added to certain categories, helping to explain timescales and resources.

**3** Is there already an existing report for the issue you want to report? Simply add any extra information and your details.

**4** Have you reported an issue that has since got worse? Update the original report to make the highways team aware.

**5** The system will help you identify if the issue you are reporting is an emergency and needs urgent attention.

The new Report It has been designed to be user friendly for all citizens, take a look at: [www.staffordshire.gov.uk/reportit](http://www.staffordshire.gov.uk/reportit)
